CARRER OBJECTIVE

Motivated Full Stack Developer with strong proficiency in frontend technologies including Figma, HTML, CSS, JavaScript, React.js, Bootstrap, and Tailwind CSS, along with hands-on experience in backend development using Node.js, Express.js, and MongoDB. Seeking an opportunity to build scalable, real-world applications while continuously learning new technologies and contributing effectively to a dynamic development team.

WORK EXPERIENCE

MERN STACK DEVELOPER INTERN AT WHY GLOBAL SERVICES **Sep 2025 - Present**

- Built pixel-perfect, responsive full-stack web applications by translating Figma UI/UX designs into production-ready interfaces using HTML, CSS, Tailwind CSS, Bootstrap, and React.js, while integrating Node.js, Express.js, and MongoDB APIs to improve usability and reduce UI rework by 30%.
- Optimized application performance and user experience by implementing reusable React components, lazy loading, and efficient API handling, leading to a 20% reduction in page load time and a 25% improvement in overall user engagement.

PROJECTS

1. SAREEORA E-Commerce Website

[Website Link](#)

Tools: React.js, Node.js, Express.js, MongoDB, Tailwind CSS

1. Inputs: Built responsive UIs using React and Tailwind with a MERN backend.
2. Process: Developed a MERN stack app with REST APIs and product collections.
3. Output: Enabled shopping, orders, and full admin CRUD operations.
4. Learnings: Gained experience in MERN development and database handling.

2. To-Do List Application

[Website Link](#)

Tools: React.js, Node.js, Express.js, MongoDB, Tailwind CSS

1. Inputs: Built React input forms with API integration to store tasks in MongoDB.
2. Process: Developed a MERN-based To-Do app with full CRUD functionality.
3. Output: Delivered a responsive app with real-time task updates and persistence.
4. Learnings: Learned full-stack MERN development and REST API integration.

3. SQE Static Website

[Website Link](#)

Tools: React.js, Tailwind CSS

1. Inputs: Built responsive UI components using React and Tailwind CSS.
2. Process: Developed a clean, component-based static landing page.
3. Output: Delivered a fast, modern, and responsive user interface.
4. Learnings: Improved skills in React component design and Tailwind styling.

TECHNICAL SKILLS

HTML	Tailwind CSS	Python Basics
CSS	Node.js	Git & GitHub
JavaScript	Express.js	Figma
Bootstrap	MongoDB	
React.js	Postman API	

SOFT SKILLS

Communication	Leadership
Team collaboration	Time management
Problem solving	

EDUCATION QUALIFICATIONS

MASTER OF COMPUTER APPLICATIONS

MCA
CGPA-8.22
Dhanalakshmi Srinivasan University-Trichy.

BACHELOR OF SCIENCE

Mathematics
CGPA-7.79
Thanthai Periyar govt arts and science college-Trichy.

COURSE CERTIFICATION

- 1.MERN stack development certified in Whytap.
- 2.Full-stack web development bootcamp certified in Udemy.
- 3.Introduction to Frontend Development certified in Simplilearn.
- 4.React.js for beginners certified in Simplilearn.

LANGUAGES

- 1.English
- 2.Tamil

DECLARATION

I hereby declare that the information provided above is true and accurate to the best of my knowledge. I am committed to applying my MERN stack development skills, including MongoDB, Express.js, React.js, Node.js, along with HTML, CSS, and JavaScript, to build scalable, responsive, and user-centric web applications while continuously enhancing my technical expertise.
